

When you purchase a 3M Backwashing Filter, you're getting more than just a water filter.

Premium Performance

- > Automatic water metering system conserves energy and water
- > Digital user display with real-time capacity flow meter display
- > 12-Volt transformer for safer installation
- > Tested and proven design for years of maintenance-free service

A 3M Backwashing Filtration System can improve the water you touch every day. Whether your issue is smell or taste, or potential damage to pipes, fixtures and appliances (low pH), 3M Backwash Filtration Systems can provide top-notch, reliable and effective remediation for a number of common water complaints.

Media Options	Addresses
Activated Carbon	Taste and odor
Calcite	Low pH, blue staining of clothes and fixtures
Filter Sand	Dirt, cloudiness, sediment in tubs & toilets
